My journey with self-paced learning began when my attempts to implement project-based learning (PBL) failed spectacularly. My students didn't have the research skills or the self-management skills they needed to cope with PBL, in part because they were trying it for the first time.

Getting Started With Self-Paced Learning | Edutopia

The basics of self-paced learning. Before we delve into its benefits, let's first attempt to touch upon the self-paced meaning: Self-paced learning is, as the name suggests, learning that moves at a pace set by the learner. The learner isn't required to be online at the same time as the instructor or the other learners.
