Toward a General Theory of Action - Walter de Gruyter

Toward a General Theory of Action is an extremely ambitious formulation of the ingredients, dimensions, and ranges that determine human behavior. Parsons and Shils enunciate principles that are at the core of contemporary social science preoccupations-including the precarious balance between social integration and conflict.

TOWARD A GENERAL THEORY OF THE FIRST AMENDMENT*
THOMAS I, EMERSONt No one concerned with freedom of expression in the United States today can fail to be alarmed by the unsatisfactory state of first amendment doctrine. Despite the mounting number of decisions and an even greater volume of com-

Toward a General Theory of the First Amendment

We review current diversity theory and terminology in relation to scale of applicability. As a starting point in developing a general theory, we take the issue of geographical gradients in species richness as a main theme and evaluate the extent to which commonly cited theories are likely to operate at scales from the macro down to the local ...
