Wired to Care Preview

That's the pitch in *Wired to Care: How Companies Prosper When They Create Widespread Empathy* by Stanford professor and TED speaker, Dev Patnaik. Empathy is the ability to step outside of ourselves and into the shoes of someone else. It's about experiencing what it feels like to be another (em = into, pathy = feeling).

Wired to Care: How Companies Prosper When They Create ...

Wired to Care is a compelling tale of the power that people have to see the world through each other's eyes, told with passion for the possibilities that lie ahead if leaders learn to stop worrying about their own problems and start caring about the world around them. As Patnaik notes, in addition to its considerable economic benefits, increasing empathy for the people you serve can have a personal impact, as well: It just might help you to have a better day at work.
